

Design an outfit and label it in French.

Cut out the figure and stick it in your book. Next, either draw and colour or cut and stick to design an outfit for the figure and finally, use the vocabulary below to label it correctly.

REMEMBER:

- If an item of clothing is masculine (*un/le*) then use the shorter colour words e.g. '*un collier bleu*' or '*le short vert clair*'.
- If an item of clothing is feminine (*une/la*) then use the colour words with an extra 'e' e.g. '*une chemise blanche*' or '*les chaussettes grises foncée*'.
- Look at the table for which clothes are masculine and which are feminine. IT IS NOT masculine for men's clothes and vice versa!
