

Your child has the opportunity to complete one piece of home learning each fortnight from the options below should they so wish. This grid, and any home learning sheets needed, are also available on the school website. The file name is the same as the box number. Please let us know if your child needs a paper copy.

= worksheet / additional information provided.

<p>1 English – vocabulary building</p> <p>As you read at home, write down a list of twenty amazing words that you would like to use in your writing in school. Please focus on adjectives and adverbs in this work.</p>	<p>2 Topic – The Maya Civilization</p> <p>Research Mayan beaddresses and make your own using materials from home.</p> <p>You might look at: https://www.mexicolore.co.uk/maya/home/ask-the-experts-maya-and-aztec-feather-beaddresses for some creative ideas!</p>	<p>3 Science – Animals including humans</p> <p>Record what you eat over a week by keeping a food diary. Can you sort the foods that you eat into the following food groups?</p> <p>Carbohydrates, protein, fat, fibre, sugars</p>
<p>4 Computing – digital art</p> <p>Using any electronic device that you have at home (computer, tablet, phone, camera), can you create a piece of digital artwork?</p> <p>You might choose to create a photo collage, a painting on the computer or any other artwork that you choose. Please send your pictures in using Story.</p>	<p>5 Maths –</p> <p>Year 3 – fractions Find different ways of representing fractions at home. Take pictures and stick them into your learning books.</p> <p>Year 4 – decimals Practise your skills at converting decimals by playing the 'Diabolical Decimals' game with a member of your family.</p> <p>Who will win?</p>	<p>6 Art/DT – Collage</p> <p>Using recycled materials from home, can you create a collage? Watch this video for inspiration! https://www.youtube.com/watch?v=NazpEwzKMz</p>
