

We will be learning....

Science

Healthy eating and staying healthy - Eating the right amounts of different types of food and hygiene.
The importance of human exercise.
Find out and describe the basic needs of animals, including humans for survival. (water, food, air)

Subject focus: Science

We will be focusing our learning on keeping healthy. We will be looking at healthy eating and how food helps us to grow and be healthy. We will also look at how food is grown and we will explore food from around the world. We will focus the latter part of the term on how we can exercise to stay healthy and keep fit and how to look after our well-being.

Art/D&T

Sketching skills
Still life sketching - Fruit and Veg
Mixed media to create art inspired by famous artists
